

non-Aurora Energy costs such as Transpower's transmission costs.

Our line charges recover the direct costs of distributing electricity to you across our network (distribution prices), as well as other indirect costs (pass-through prices) including incentives, rates, regulatory levies, and electricity transmission from Transpower's

WHO WE ARE:

Aurora Energy is one of the largest electricity networks in Aotearoa New Zealand, delivering a safe, reliable, and sustainable electricity supply across Ōtākou in Ōtepoti Dunedin, Central Otago/Wānaka and Tāhuna Queenstown to over 200,000 people.

Last year, we began offering retailers the option to apply time of use pricing tariffs for residential customers. If your retailer chooses to implement time of use pricing, you will pay higher rates during peak times and lower rates during off-peak times. This

approved by the Commerce Commission in 2021 after public consultation. These adjustments are inclusive of CPI but also include

On average, prices on our network will increase by 11.2%. However, your individual price change may vary depending on which

regional network you are connected to, the impact of the Government's phase-out of low-user fixed charges and any changes in

may allow you to better manage your electricity use and therefore bill.

Detailed information about these changes can be found in the updated version of Aurora Energy's Pricing Methodology, which will be available on our website in March.

For more information about electricity pricing, including time of use and FAQs, please visit our website.

ŌTEPOTI DUNEDIN

your electricity consumption.

CENTRAL OTAGO/WĀNAKA

NOTES

- Prices exclude GST.
- Transmission charges account for 2.5% of this year's average price increase of 11.2%
- The Frankton subnetwork is defined by Aurora Energy as comprising connections at threat of uneconomic bypass as a result of competitive, grid-connected, distribution. A prudent discount policy applies. If connections in capacity groups 16 kVA and above satisfy the criteria in the Electricity (Low Fixed Charge Tariff Option for Domestic Consumers) Regulations 2004 to be classified as domestic, then Residential pricing applies as the low fixed charge option.
- · Pricing information, including a copy of this notice, is published on Aurora Energy's website: www.auroraenergy.co.nz

Aurora Energy Limited is a wholly owned subsidiary of Dunedin City Holdings Limited, owned by the Dunedin City Council. Our principal regulators are the Commerce Commission and the Electricity Authority.

WHAT MAKES UP YOUR ELECTRICITY BILL?

differently. Because of this, Aurora Energy cannot guarantee the line charges specified here are the line charges that retailers will bill you. For retail electricity prices, please contact your electricity retailer.

national grid.
